### SUMMARY

Frontend Developer with a background in finance and analytics, including leadership experience in team management. I bring strong problem-solving, business thinking, and responsibility to web development. Skilled in React, TypeScript, JavaScript, and modern frontend tools – experienced in building responsive interfaces and commercial web applications. I'm looking for a role where I can grow within a team, contribute from day one, and bring a fast growth mindset.

### SKILLS

- React
- Next.js
- TypeScript
- JavaScript
- HTML5
- CSS3 (SCSS/SASS), Tailwind CSS
- Zustand, TanStack Query
- REST API, Axios
- Git
- Vite, Webpack

### WORK EXPERIENCE

#### Front-end developer (React) - Mosburger

Feb 2024 - Mar 2026

- Developed a Telegram bot for a restaurant with a React web app and built an analytics dashboard with iiko integration for real-time KPIs, authentication, charts, and filters. Also created landing pages for advertising campaigns.

Used React, JavaScript, CSS (SASS), HTML, Git, Vite, Webpack

#### Head of Analytics Department - NordRestGroup

Jan 2022 - Jan 2024

- Managed a team of 2 analysts, responsible for management reporting and P&L. Participated in budgeting, revenue forecasting, and prepared presentations for leadership. Handled ad-hoc analytical requests.

Used Excel, Google Sheets, 1C, Power Query, Python, SQL

#### Financial Analyst - NordRestGroup

May 2021 - Jan 2022

- Prepared daily, weekly and monthly reports on key metrics, P&L statements. Handled budgeting and plan-fact analysis. Monitored employee KPIs and cash flow.

Used Excel, Google Sheets, 1C, Power Query

#### Economist - NordRetail

Feb 2020 - May 2021

- Prepared management reports (profit and loss statements), conducted cash reconciliations and plan/actual analysis.

Used Excel, 1C

#### Credit Expert - Home Credit Bank

May 2019 - Aug 2019

- Advised clients on banking products, prepared bank documents and payment orders.

### EDUCATION

#### Ural State University of Economics (2021-2024)

Bachelor's Degree in Information Technology

Specialization: Software Engineering of Automated Systems
